It Is For You To Decide

It does not make one particle of difference what druggist's name appears on your prescription blank, it remains for you to decide where you are going to have that prescription filled.

When you want a prescription filled, you want to get results from the medicine it calls for, therefore reason helps you to decide in favor of the drug store that carries high quality, full strength drugs and where scientific careful compounding is always practiced.

If the regular man wants to be a competitor, it will be necessary for you to pay your taxes as soon as possible, otherwise you may not be able to pay same and receive your receipt before the penalty attaches. (Signed) E. R. OLIVER, Tax Collector, Nueces County, Texas.

COUNCIL MEETING

Report of Peabody—Call for Payment Election.

The regular meeting of the city council will be held this morning at 9 o'clock. The most important matter that will engage the attention of the council will be the report of Minister Peabody, embodying an estimate of paving certain streets of the city.

It is also likely that the council will take a call for an election of property owners to decide whether the city shall accept an act of the Thirty-first legislature providing for paving roads for street improvements, and also to vote at the same time on whether or not the city shall vote bonds for street paving.

DESIGNATE ARBOR DAY

School Board to Plant Trees Feb. 19th.

At a meeting of the school board held yesterday afternoon, February 19th, it was designated as Arbor Day for the city public schools, and it is the plan of the board to have planted on the various school properties in the city the trees and hedges trees on the

lawnes and the planting will be done by the parties securing the bids.

A committee consisting of Thos. B. Southgate, Royal Givens, and Fred Roberts was named by the board to have charge of the details.

The work just now starting in planting trees is but a small part of such work that the board hopes to accomplish during the next few years, according to President Southgate.

The board intends doing everything in its power to help make the school grounds attractive and presentable.

BIG BRIGHT DAY

Typical Spring Weather Enveloped the City.

Following one of the most beautiful mid-winter days of the year made noticeable by the period of bad weather during December, the weather bureau issued a warning of the approach of another. The warning was issued yesterday morning, however, before the beauty of the day had become apparent.

Summer cold fronts were in demand yesterday, and at least one or two parties enjoyed a bath in the sun. The temperature remained stationary during the greater part of the day being about 70.

Last evening at about seven o'clock, the weather bureau received a message from Palestine to the effect that the wind was blowing 36 miles per hour from the northwest there, and that the mercury had dropped to 21. At San Antonio the wind was blowing 20 miles per hour from the northwest there, and that the mercury had dropped to 24. At San Antonio the wind was blowing 20 miles per hour from the northwest and the mercury was dropping rapidly. The mercury had evidently just arrived in that city.
